

Life is for Living

Life is for living ... and goofing around,
It's for hugs and kisses and snuggles.

Life is for living ... and reaching for dreams,
Goals that are reachable and those beyond the stars.

Life is for living ... and sharing what we have,
Giving of our time and talent and love.

Life is for living ... and ensuring that those we love
Will always be taken care of, no matter what.

Be sure to protect the ones you love ... **with life insurance.**
